PROJECT DESCRIPTION

WHAT'S A YOUTH EXCHANGE?

Youth Exchanges are Erasmus+ voluntary schemes that allow groups of young people from different countries to meet and get to know each other better.

These meetings take place outside school, university or vocational training structures. They have an educational aim and require the involvement of young people at all stages of the project! During an exchange, the participants organize a series of activities (e.g. workshops, debates, simulation games, outdoor activities, etc.) around a theme of common interest.

PROJECT DESCRIPTION
